Deep Water Wellness

Your body will love you (cardio without impact on your joints!), your spirit will thank you (great people!) and your mind will take note to come back again and again (ah, that feels GOOD!)

Circle Swim

Grab a buddy and an aqua-jog belt or swim alone at your own pace. No lap lines, no pressure; just you, some music and some others who like to get wet while getting fit!

Gentle Water Aerobics

Lap Pool, shallow end Dorsey and Goodman provide the background music; Y people provide the good conversation and laughs; you provide the desire to move your body and feel great!

Wet 'n Wild Family Aerobics

When you and your (age 8 and up) kids come get wet 'n' wild, we think you'll agree that family water aerobic workouts are as good for the soul as they are for the heart and muscles.

Arthritis Fitness

Warm water, warm joints, and a warm welcome to all who want to experience the healing powers of movement in water. Designed and certified by the National Arthritis Foundation

Circle Swim w/ Natalie

Jump in with a fun-loving Y staff who aqua-jogs alongside you, providing encouragement, fun facts and humor. If you've never tried your workout in the water, this is a great place to start: No impact on your joints, great impact on your well-being.

Keep Moving

We want you walking, swimming, stretching and feeling great for many years to come. The pool is a great place to train the muscles and joints so you can do just that! If you're living with arthritis or looking for a gentle complement to your physical therapy program, look no further than your Y pool.
