

All adults 18 (turning 18 any time in 2009) and over can play in fall leagues. Adults can participate in the mixed doubles leagues. For those 50 and over, men's and ladies' leagues are good challenges. In the Adult and Senior Mixed leagues as well as the Super-Senior leagues, the level is the combined rating of the individual team competitors and rating differences between partners may not exceed one point.

All players in the 2.5 adult mixed league must have the same 2.5 rating.

Contact the applicable coordinator below for your team registration form. Last year's captains will receive the team registration form electronically shortly.

We are always looking for new captains. Some clubs do not have teams because no one will captain.

Team registrations are due August 1. Please do not wait for the early start ratings. The Pacific Northwest Section target publication for those ratings will be later this year, about August 10, 2009 on pnw.usta.com. Your contacts are

Seniors Division (50 and older, three doubles teams for each team match)
